

Make More Sales with Less Effort and No Inventory!!

Perfect for your e-commerce drop-shipments!

LSI International will drop-ship products directly to your patients' home at no extra charge.

You entirely avoid the costs associated with receiving and handling your patients' orders. This special program is called **Zero Inventory/Your Name Here®**

1. Take your customer's order. Then call LSI International Customer Service at 800-832-0053 by 4:00 PM your time. You may also use www.lsiinternational.com.
2. Your customer's order ships from our centrally-located warehouse same-day. Our Zero Inventory/Your Name Here® packing slip shows your practice as the shipper. No prices are shown and there's no reference to LSI International. **See example below.**
3. Your customer receives their order right at their doorstep, most in two (2) days. You promptly receive a detailed LSI International invoice (by fax or email the morning after shipping, if you choose) showing exactly what was shipped, to whom, and the shipping cost so you can bill right away!

To your patient, it appears that you sent the package - but you incur no inventory carrying or handling cost.

Call (800) 832-0053 to put Zero Inventory/Your Name Here® to work for you today!
